PROFILE

B.Sc. Information Technology graduate with hands-on experience in C++ programming, video editing, and developing dynamic web applications using PHP, MySQL, and modern web technologies. Seeking an entry-level IT or creative technology role where I can leverage my programming, web development, and content creation skills to deliver impactful solutions.

EXPERIENCE

Academic Project

Blog Website

Sep 2024—Mar 2025

- Developed a blog website using PHP and MySQL for backend logic and data storage.
- Implemented registration/login, posting, editing, and deletion of blog entries, strengthening understanding of database driven web applications.

Freelance (Fiverr)

Oct 2024—Present

- Provided freelance video editing services for international clients using industry-standard editing tools, producing high-quality content optimized for digital platforms.
- Successfully managed end-to-end editing workflows, including content organization, color correction, audio synchronization, transitions, and final rendering.
